

Responses to Suggestion Box Items - May – July 2019. Note: All suggestions are reviewed and sent to the appropriate director or department chair to follow up. Some of the suggestions and their responses are listed here.

Suggestions	Responses
<p>I really wish that you guys had a store for MTI merchandise, like sweatshirts , shirts, lanyards, things like that to show our support of our college . Do you think that we could have a store?</p>	<p>We appreciate your interest in purchasing merchandise that would show your support for the college. We don't feel that we can successfully operate a retail store but we think your idea has merit. We will look into alternative ways that a student/graduate could purchase merchandise.</p>
<p>It would be helpful if you guys had a computer lab that was open every period, because right now if there's not a lab open, we can't do our work. Also, since some people like to do their homework and study in the lunch room because we can eat in there. It would be nice if someone could put a sign on the door for people to be aware of their surroundings and if someone is studying or doing homework, they hopefully wouldn't be super loud. Everyday girls come in there and are extremely loud and it's not necessary. If they want to be that loud they should go outside, there's no reason to be that loud indoors. Mostly just common courtesy for people who are in there even if they aren't studying.</p>	<p>With a school like MTI, space is at a premium. Be sure to look at the lab/lecture room schedule that is available by the dean's office. It should list rooms that are open each period. There is also the LRC which is a quiet place to study. You can also ask the dean, student success coordinator or one of the department chairs if there is a room open. The lunch room is more of a social area than a study area so it would be better to find another place to study.</p>
<p>New snacks in the break room, maybe even a monthly pot luck/ food trucks for everyone</p>	<p>The vending service will only stock items that sell. What specific food items are you interested in? We are evaluating the feasibility of a food truck. Be sure to keep an eye out for one of our barbecues!</p>
<p>Room 106 has a bad odor like cat urine.</p>	<p>This has been evaluated. Please email TSD, ttd@mticollege.edu, if you smell it again.</p>
<p>It would be helpful if a viable link was added to the students' home page of the MTI website in order to access the Career Center and to connect with the counselors, see jobs and blogs.</p>	<p>The mission of Career Services is to be a comprehensive resource center for students and alumni, providing the appropriate services and information that will assist you in successfully meeting your career objectives; to provide you with information, strategies and skills necessary for your career development, and to provide mutually beneficial links between students and employers.</p> <p>The information you seek is readily accessible by visiting the Career Services Team directly to discuss current career openings and/or request to be included in an email to receive career openings that are</p>

	<p>sent out weekly. You can always visit the job board posted in the hallway and can sign up today to start viewing the monthly Career Services Blog that will contain helpful interviewing tips.</p> <p>We hope that you will find this information useful and encourage you to visit the Career Services Team today. Walk-ins are welcomed.</p>
<p>It would be nice to have the LRC links for free stuff actually go to it when you click on it. Also is there a WIFI student password? I thought I saw it on the main page a few weeks ago and now it's gone again. Is there a place we can go get this? Like LRC?</p>	<p>There is a new link for the LRC that is located on the home page https://elearning.mtcollege.edu/mod/page/view.php?id=356775.</p> <p>The WIFI password is also available in the LRC at the front desk.</p>
