The home page has a lot of useful information including links to the portal and teams, catalogs, the student handbook, lab schedules, holiday schedules and other resources.

You may receive messages from your teachers on Moodle. If so, you would see a number next to the conversation bubble at the top of the page.

To access messages, click on your login picture and choose messages. Messages are also sent to your email and there is now a link on the email message that takes you to messages area in Moodle.
